Sir:

Submission of Replacement Copies of IDS References

Enclosed herewith are copies of three IDS references (and a corresponding Form 1449) that were not provided in connection with Applicant's December 13, 2004 submission (which was to replace references lost at the PTO from the file of the parent case). Although this letter is provided after the mailing of an Action on the Merits herein, it is believed that no fee is due under 37 CFR 1.97(c), since it appears that the PTO has indicated that it cannot find a substantial part of the file of the parent case, from which the IDS materials would normally be made available.

Should the Patent Office disagree with this interpretation of the facts, then this Paper should be considered a Supplemental Petition for submission of the IDS references and the appropriate petition fee may be charged to Applicant's Deposit Account No. 16-1445

The Examiner is welcome to contact the undersigned if any further assistance is needed in this regard. An early and favorable action on the merits is respectfully requested.

Respectfully submitted,

E. Victor Donahue
